

Store Report - Cattle Market information provided by MLA's National Livestock Reporting Service

| SELX Yass | 5    | ment activities report date | 18/03/2022 |
|-----------|------|-----------------------------|------------|
| Yarding   | 1611 | comparison date             | 17/03/2022 |
| Change    | 764  |                             |            |

The first weaner/store sale for the year offered a very good quality run of weaner steers and a small run of heifers. Weight was one of the features of the sale with a large percentage over 280kg in weighty. The competition was extremely strong for the limited number of light to medium weight weaner heifers. The market trend was strong with only a few of the smaller 1 to 3 head pens pulling the average price back.

Light weaner steers under 200kg sold from \$1060 to \$1380/head. Medium weights ranged from \$1720 to \$2260/head and most averaged from 760c to 810c with Angus steers out to 893c/kg. Over 280kg steers \$1750 to \$2545/head and most averaged between 670c and 750c/kg lwt. Only 380 weaner heifers were penned and the medium weights sold to very strong competition ranging from \$1770 to \$1980/head and averaged 750c/kg. Heavy weights \$1800 to \$2240/head or 650c/kg for the bulk. Heavy yearling heifers topped at \$2380/head.

There was a small run of cow and calf units and crossbred cows with calf started at \$2000/unit and Limo cows with calf at foot reached \$4300/unit.
