

SELX Market Report

Special Store & Weaner Cattle – 28 July 2023

Total Yarding: 113

With a few late withdrawals the numbers were low. There was a good run of Angus weaner steers, Sep/Oct drop and limited numbers of heifers. Just a handful of cow/calf units were offered along with a few milk and two tooth steers that went to a feeder order. The buying group was small but vocal at times.

The run of Angus weaners steers ranged from \$505 to \$680/head averaging from 216 to 268kg in weights, heavy weaners over 300kg reached a top of \$800/head. Milk and two tooth steers to feed sold from \$680 to \$1000/head. Weaner heifers 200 to 260kg made from \$470 to \$480/head and heavy weights reached \$500/head. The small run of cow/calf units sold from \$900 to \$1470/head.
